### CROWD ATTACKS COPS POSTED AT SCHOOL

Ohio Black People Resent "Dixie Tactics" in the Northern Schools

SPRINGFIELD, Ohio, Nov. 18.—(Crusader Service)—Resenting the action of the Board of Education in maintaining segregation in the public schools here, a large crowd of colored people attacked policemen stationed to guard teachers and pupils at Fulton School, set aside by the Board of Education as a Jim Crow school for "Negroes" only. All Negro pupils in the city were to be sent to the school under the order.

Stone School House  
The colored residents resented this attempt to jim crow their children and threats were made against teachers and parents who permitted their children to attend the school. More than 100 gathered at the school and began taunting the guards and teachers. Trouble grew until stones were thrown and several windows of the building shattered, and the reserves had to be called to drive off the crowd of indignant citizens.

This city has been the scene of several serious riots in past years, the last being in 1920, and fears are felt that the Board of Education rescinds its jim crow order there will be repetition of the tumultuous days of 1920, as the colored citizens of Springfield are determined not to lay down under the insult which the action of the board hurled at them.

Protest mass meetings are being planned and resentment is running high.

### SOUTH SENDS KLAN WARNING TO BOSTON

BOSTON, Mass., Nov. 18.—Attorney Matthew Bullock, who introduced a bill in the State Legislature making existence of the Ku Klux Klan unlawful in this state, is reported to have received several threatening letters from Klansmen in the South.

Attorney Bullock is remembered as having left Atlanta, Ga., shortly after having threatened a white street car conductor who had insulted him.

### WESTBROOKS IS MADE LIBERIAN CONSUL HERE

Attorney Richard E. Westbrook has just received official documents from Monrovia, Liberia, naming him resident Liberian Consul for Chicago, and establishing a Liberian Consulate here.

The commission, which bears the official seal of the African republic, is dated September 12. It arrived in Chicago November 13. Mr. Westbrook's nomination was made by President King of Liberia, and confirmed by the Liberian Senate.

Attorney Westbrook is one of the leading members of the bar in the city and is president of the Cook County Bar Association.

### WIFE NO TRUANT, PREACHER ASSERTS

The Rev. Augustus Jones, pastor of Central Baptist Church of Pittsburgh, arrived in Chicago Monday to contradict stories about in Chicago and other cities concerning the presence of Mrs. Jones in Chicago several weeks ago.

A story appeared in The Whip of October 21 stating that Mrs. Jones was found in an apartment on Michigan avenue conducting a love affair with a well-known contractor, and that her husband, hearing of the affair, had come to Chicago and employed detectives to watch and apprehend her. According to the story as published in The Whip, when the two met a reconciliation was effected and husband and wife returned home re-united.

Denies Story  
According to Dr. Jones, the story was untrue, and when a report of the affair reached his home city, his wife's reputation was damaged and his leadership of Central Baptist Church greatly impaired.

Mrs. Jones was in the city on a concert tour at the time of the incident, according to the preacher, and he had no reason to doubt her fidelity.

### TWO DYER BILL OPPONENTS NOT RE-ELECTED

Congressmen Who Fought Anti-Lynch Bill Are Deserted at Polls

NEW YORK, Nov. 18.—Two Congressmen who voted against the Dyer anti-lynching bill in the House of Representatives have been re-elected by colored voters and defeated in their candidacy for re-election, according to an announcement today by the National Association for the Advancement of Colored People, 70 Fifth avenue, New York. The two Congressmen are Dr. Caleb R. Layton, Republican representative at large from the State of Delaware, and R. Wayne Parker, Republican representative from the Ninth New Jersey District.

Delaware colored voters were roused by the untiring and courageous work of Mrs. Alice Dunbar Nelson, who put the facts before them, organized meetings, conferred with newspaper editors and was instrumental in bringing the N. A. A. C. P. speakers into the campaign against Dr. Layton.

N. A. A. C. P. Led Fight  
Against both Dr. Layton and Mr. Parker, the National Association for the Advancement of Colored People conducted a persistent and insistent campaign. The secretary of the association, James Weldon Johnson, and the assistant secretary, Walter F. White, both went to Wilmington, where they spoke before mass meetings organized by the local N. A. A. C. P. in conjunction with the anti-lynching crusaders and the Independent Citizens' League.

The entire Republican ticket was elected in Delaware with the exception of Representative Layton, who voted against the Dyer Bill, and Senator Du Pont, whose defeat is partly due to his having persisted, despite warnings from colored leaders, in trying to force Layton upon voters who would not have him. According to figures from the official 1922 registration, the Republicans had a margin of 7,000. There were, however, 12,000 registered colored voters in Delaware, and these proved decisive.

Goes to Reno to Get Divorce  
WASHINGTON, Nov. 18.—Dr. Silas S. Thompson, for many years a prominent physician of Washington, was recently granted an absolute divorce from his wife, Mrs. Elizabeth Thompson, it has been learned here.

### KING LOUIS 1st — AND LAST

### WILLIAMS TO EXPOSE 2ND WARD VICE

As the aldermanic campaign draws near, voters are beginning to cast about for a candidate for the Second Ward for a candidate who can defeat Louis B. Anderson, the present incumbent. It is perhaps safe to say that the fight to be made against Anderson will be based on the record he has made and the extent to which he has allowed the Second Ward to become the cesspool of Chicago's accumulated vice and filth.

Virgil Williams A committee of voters approached Virgil Williams and prevailed upon him to enter the fight as Anderson's opponent. In accepting the proposal Williams declared that he would not enter the fight unless he were allowed to expose the vice ring now operating in the Second Ward, a ring which he declared Anderson allowed to hold full sway, and which Anderson in turn uses to keep himself in power.

Attacks Jewish Syndicate  
One of the main reasons for the entry of Mr. Williams into the race is that a Jewish syndicate operates houses of prostitution within the confines of the Second Ward. These houses are being run in the midst of our best residential and business sections. After an investigation made personally by Mr. Williams, he found that they were controlled and operated by a Jewish syndicate who are not even registered voters of the ward and probably not of the city. Further investigation tended to show that the police department seemed to be helping to drive out these home destroyers from our midst. Delegates were

### HOLDS 75 COPS AT BAY, 3 ARE SLAIN

Bad Booze Turns a Good Man Into Raving Demon

DENVER, COLO., November 18. Walter Jones, 2443 Tremont place, became demented from drinking moonshine whiskey Tuesday afternoon and held at bay seventy-five policemen for over half an hour, pumping a stream of bullets through the glass door of the house.

As a result of his murderous fusillade, three persons were killed and two wounded.

Mrs. Holmes Wilson was shot to death inside the house; Lula Jones, a cousin of Walter Jones, died at the county hospital about two hours later; Mrs. Pauline Berry, daughter of Mrs. Wilson, was shot down in the street and was rushed to the county hospital where she is in a very serious condition and is not expected to live. Patrolman Rudolph Herman was hit in the head by a glancing bullet; another leaden slug ripped through the hand of Patrolman Cyrus Mann; Patrolman James Ranger's cap was blown from his head by Jones' fire, and bullets also tore holes in the uniform coats of Patrolman E. T. Ripberger and Clifford.

Drank Self Crazy  
According to the police the house has been used as a bootlegging establishment and it is their belief that Jones went insane from continual drinking. Jones' death by his own hand, after he had been struck by a bullet fired by Patrolman Mann, closed one of the bloodiest gun fights in modern Denver history. That Jones, who poured a literal hail through the door of the house, was not able to hold out against the law longer than he did was due almost to the spectacular bravery of several officers. Chief of Police Williams, who reached the scene when the battle was at its height, had to order his men to seek shelter behind trees and neighboring buildings in order to avoid a possible greater loss of life.

Jones Keeps Shooting  
According to George Holmes, 22, a son of Mrs. Wilson by former marriage, he was awakened about 3:45 by the sound of revolver shots. He ran down the stairs and in the dim hallway stumbled across the body of his mother, who had a bullet in her head; across the sill of the door lay Lula Jones, conscious and moaning, also shot in the head. "I tried to pick up my mother," the young man told the police, and I heard a gun roar, and a bullet smashed through the glass of the front door right by my face. This man Jones was coming in at the end of the hall from the kitchen, firing at me. He fired again and the bullet hit the wall and I dropped my mother and ran into the street clad only in my underclothes."

Meantime Mrs. Berry, Mrs. Wilson's daughter, must have tried to enter the house. A trail of blood that led from the front yard to the middle of the street where she was found by the police with a bullet wound in her head indicated that Jones shot her as she attempted to enter the house and that she fled until she fell unconscious.

### FOUGHT TO DEATH OVER WHO WOULD ESCORT GIRL TO HOME

PHILADELPHIA, Pa., Nov. 18.—A quarrel over the question of who would escort Miss Mazie Jones, 19, to her home, resulted in a fatal shooting last week. As a result, Charles Williams, 32, is dead and Lewis Stanley is being held for the killing. The girl was so unaffected by the shooting that she attended another dance the following night.

### "SHEIK'S WAYS" PROVE FATAL TO BRYANT

Stone Age Lover Defeated By Girl's Modern Bullets

Cave man tactics and the ways of a "Sheik" proved fatal to Olden Bryant, who is 42 years of age, early Tuesday morning. He was shot to death by Mrs. Hattie Stewart in her home at 427 East 31st St.

Was Husband's Friend  
Bryant, who lived at 3856 Dearborn St., is said to have formed an acquaintance with Mrs. Stewart through her husband. The two men were employed at the same place. A friendship sprang up between the two men, and Bryant was welcomed into the Stewart home. He is said to have visited there several times.

Monday night he called Mrs. Stewart on the telephone and told her that he was in trouble and needed advice. He asked to see her. She assented and told him to come, although her husband was absent.

When Bryant arrived at the Stewart home he seemed to be under the influence of moonshine whiskey, rather than in any particular trouble. He lingered about the house several hours, and when Mrs. Stewart became alarmed, she begged him to leave the house.

Becomes Cave Man.  
Apparently angered at her anxiety to have him leave her home, Olden began to struggle with the woman. He dragged her into a bedroom and attempted to attack her. She jerked away from him and fled to another room. Bryant followed her and dragged her back, tearing her clothes from her body.

Once more Mrs. Stewart escaped his clutches, and rushing to the dresser, she drew a revolver and leveled it at him. Still undeterred, Bryant rushed at her again. This time she fired, and with fatal effect. Bryant fell to the floor dying. Neighbors in adjoining apartments who had heard the shooting and the woman's screams, notified the Cottage Grove police, who took Mrs. Stewart in custody.

### KU KLUX CANDIDATE CARRIES OREGON

PORTLAND, Ore., Nov. 18.—(Crusader Service)—In the heaviest vote ever cast in a state election here, the Ku Klux Klan backed Walter Pierce, who was elected over the Democratic candidate and the Republican incumbent, Ben W. Olcott, who was a candidate to succeed himself.

## BULLETIN

Glaring, prominent exposures have been made of the vice situation in the second and third wards. Pictures have been made and reproduced, locations have been affirmatively stated and individual vice lords and bosses in the underworld have been described. Week after week pitiless publicity has been rained upon the authorities and the administration. What has it resulted in? Here and there a dive would be raided and told to "go under cover" for a while and then as soon as things have quieted down the same "dive" would reopen and again the clamor cry of vice lords would be heard in exultation.

And it is rumored that a certain office holder of the black race is mixed up in the school board scandal. White slavers and panderers are seen hobnobbing with political bosses and vice-lords. They join forces with them and dictate the time, place, and under what conditions their trade

Holt has been converted in a "stud poker" den. So open is this game that the police chips can be heard clicking on the street. Many of the decent men who frequented this place during the days of Holt lament the fact that it has been converted in such a brothel. And of course the Brown brothers are still running their houses of prostitution.

RED LIGHT HOUSES.  
These "Brown

Brothers" who are well known to all South Side grovelers have reopened 3617 Indiana Ave., where white women cater to black men for two dollars and put on displays that would put to shame the most degraded Parisian demi-monde. These men also operate 119 E. Thirty Sixth Place.
